М855 MOTOR 2024: сборник тезисов XXIII Международной конференции «Теория математической оптимизации и исследование операций» (30 июня – 06 июля 2024 г.). – Омск: Издательство Омского государственного университета, 2024. – 1 CD-ROM. – Загл. с титул**.** экрана.

ISBN 978-5-7779-2691-3

В сборнике опубликованы статьи участников конференции, посвященные исследованиям в области математического программирования, дискретной оптимизации, теории игр, оптимизации в машинном обучении и анализе данных, приложений в исследовании операций: задачи составления расписаний, маршрутизации, размещения предприятий, упаковки, управления производством и компьютерными системами.

УДК 519
ББК В18+В181

Текстовое электронное издание
Самостоятельное электронное издание
Минимальные системные требования:
процессор с частотой 1,3 ГГц или выше; ОЗУ 512 Мб; Microsoft Windows XP/Vista/7/8/10;
Adobe Acrobat Reader 8.0 и выше; CD-ROM; мышь
