[Editor-in-Chief D.V. Moiseev]; Murmansk Regional Branch of the Russian Geographical Society. – Apatity: Publ. KSC RAS, 2023. – 77 p.

ISBN 978-5-91137-489-1

The publication is a collection of reports of the III International Scientific and Practical Conference "Security of Arctic frontiers: ecology, history, images of the future" held on October 27–28, 2022. The conference proceedings address topical issues related to science and environmental protection in the Arctic, issues of peace, stability and sustainable international development in the Arctic, the history of the discovery and development of Arctic territories, as well as issues of preserving the historical memory of the victory over fascism during the Great Patriotic War of 1941–1945.

The publication will be useful to researchers, teachers, students, postgraduates and anyone interested in the problems of environment, history and prospects of the development of the Arctic zone.
